Dear Rita

I am sorry to tell you, that I don't come at november the first
My family and also I myself think, that the political situation is so
" hot " , that it is not safe to travel to the middle east just now,
so I prefer to wait till the spring.

Please write me and tell me, if you then will try to find another
dentist, I do understand if this make problems to you, I do hope
that you also understand me.

Please give my greetings to Hala

best greetings
