The Medical Report of Lillian Qare

Issued on 3 August 1981, this document shows a prescription from a doctor from "Hadassah Isaweyeh" Hospital in Jerusalem for Lillian Qare, reporting that he referred her to the Genetic Testing Department in the Hospital and that she was also referred to the Blood Pressure Clinic in order to examine any possible causes of blood pressure, before sending her to the hyperbaric clinic.

Dear. Colleague.

I have referred a Mrs.
Pikar to the genetics department
in Hadassah Ein Caverim. She is
also referred to the Hysteria
clinic to evaluate possible causes
for her hysteria. Prior to
sending her to the hysterical
clinic
